## ART IN THE BREWERIES

Sponsored by the Ontario County Arts Council, a Canandaigua-based 501(c)3 charitable organization, the first-annual Finger Lakes Art in the Breweries endeavors to connect local beer lovers and art lovers to appreciate the artistry and craftsmanship of our region and raise funds to support student scholarships.

### DETAILS

Participating breweries agree to display a single, one-of-a-kind, jury-reviewed, beer-themed piece of original artwork, created by a local artist prominently in their brewery throughout August and September 2021.

The artwork is for sale to the highest bidder through a silent auction. A small sign with the details along with a bidding sheet will be placed next to the artwork.

Participating breweries simply need to agree to the display space and to reasonably safeguard the artwork and bidding sheet.

In return, the Ontario County Arts Council will list all participating breweries on all publicity materials advertising Art in the Breweries using the breweries logo, as well as provide links to the brewery's website from our website.

### TO PARTICIPATE

Please visit [www.ocarts.org/breweries](http://www.ocarts.org/breweries) and complete the easy registration form. A volunteer representative from the Ontario County Arts Council will be in touch to schedule the artwork delivery.
